

Call for Volunteers in the Preschool Speech & Language Program

We are seeking passionate, driven, and motivated volunteers to support our team while gaining clinical experience in the field of Speech-Language Pathology. We are a group of speech-language practitioners looking to share our knowledge and support the development of our field. Our clients are families with young children (birth to Junior Kindergarten entry) with a wide variety of speech, language and communication difficulties.

We know that it is not always easy to find these opportunities. We hope to create volunteer opportunities for interested individuals from all equity seeking groups, especially those with lived experience from racialized and/or marginalized communities. **Our goal is to attract volunteers from diverse backgrounds and support diverse candidates entering the field of speech-language pathology.** We know that our clients benefit from a wide variety of experiences and perspectives and understand the importance of having a field of professionals that is reflective of the diversity of the City of Toronto and beyond.
